**FISCAL IMPACT STATEMENT**

**LS 7174**

**BILL NUMBER:** HB 1348

**NOTE PREPARED:** Jan 6, 2011

**BILL AMENDED:**

**SUBJECT:** Soil and water conservation districts.

**FIRST AUTHOR:** Rep. Eberhart

**FIRST SPONSOR:**

**BILL STATUS:** As Introduced

**FUNDS AFFECTED:**     **GENERAL**  
                              **DEDICATED**  
                              **FEDERAL**

**IMPACT:** Local

**Summary of Legislation:** This bill amends the statement of the General Assembly's policy on the management of soil and water resources to include the goal of protecting and improving soil quality. The bill eliminates the condition that to be an elected supervisor on the governing body of a soil and water conservation district, an individual must occupy a tract of land larger than 10 acres. The bill changes certain voting procedures. It requires the supervisors of a district to provide supervision for employees of the district. The bill generally authorizes the use of money in the Clean Water Indiana Fund to qualify for federal matching funds. (Under current law, the fund can be used to qualify for federal matching funds only if the federal matching funds are for county soil survey computerization.)

**Effective Date:** July 1, 2011.

**Explanation of State Expenditures:**

**Explanation of State Revenues:**

**Explanation of Local Expenditures:**

**Explanation of Local Revenues:** IC 14-32-8-7 currently provides that money in the Clean Water Indiana fund may be used for, among other purposes, to qualify for federal matching funds for county soil survey computerization. The proposal deletes the requirement that the money must be used for county soil survey computerization. Deleting a restriction on the use of money in the fund, could expand uses of the fund. However, each district is currently limited to apply for up to \$7,000, but may not receive the full amount based on availability of funds.

The State Soil Conservation Board (SSCB), which oversees the fund, set aside a total of \$550,000 for the 2010 grant cycle. For 2011, the SSCB voted to award \$573,408 to 88 Soil and Water Conservation Districts.

A 50% cash match or in-kind contribution is required. Match contributions can be federal or state dollars, landowner costs, staff time, equipment use, purchase, or rental, etc.

*Background.* IC 6-7-1-29.3 provides that 1/6 of the money in the Cigarette Tax Fund must be deposited in the Clean Water Indiana Fund. The Division of Soil and Water Conservation within the Department of Agriculture administers the Clean Water Indiana Fund.

**State Agencies Affected:** Department of Agriculture.

**Local Agencies Affected:** Soil & Water Conservation Districts.
